## TOWN WARRANT

### THE STATE OF NEW HAMPSHIRE

**To the Inhabitants of the Town of Hollis in the County of Hillsborough in said State, qualified to vote in Town Affairs:**

You are hereby notified to meet at the Town Hall in said Hollis on Tuesday, the ninth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.
3. To hear reports of the Selectmen and other Town officers and committees.
4. To see if the town will vote to authorize the Selectmen to borrow money in anticipation of taxes.
5. To see if the Town will vote to accept State Aid for the construction of Class V roads and appropriate the sum of \$1,038.63.
6. To see if the Town will vote to authorize the Selectmen to distribute blank inventories at the time of appraisal.
7. To see if the Town will vote to assess a fine of twenty-five cents on each Poll Tax not paid by December 1, 1965.
8. To see if the Town will vote to raise and appropriate the sum of \$25.00 to be expended in cooperation with the N. H. Forestry and Recreation Commission, for Forest Fire Protection.
9. To see if the Town will vote to raise and appropriate the sum of \$6,000 to be placed in the Capital Reserve Fund to be used toward the purchase of a Fire Truck.
10. To see if the Town will vote to raise and appropriate the sum of \$1,000 to be placed in the Capital Reserve Fund to be used toward the purchase of a Police Cruiser.

11. To see if the Town will vote to allow the Tax Collector to accept prepayments against forthcoming Property Tax bills.

12. To see if the Town will establish a Town Conservation Commission as set forth in R.S.A. 36-A.

NOTE: The Business Meeting will be held at 7:30 in the evening.

Given under our hands and seal, this fifteenth day of February, in the year of our Lord nineteen hundred and sixty-five.

R. WALKER  
R. J. HARDY  
J. SMITH

Selectmen of Hollis

A true copy of Warrant — Attest:

R. WALKER  
R. J. HARDY  
J. SMITH

Selectmen of Hollis

LILLIAN HILL MOURISON, Librarian

## HOLLIS MUNICIPAL COURT

On January 1st, 1965 my resignation as Justice of the Hollis Municipal Court became effective and the Court was summarily dissolved as of that date. Under the new State legislation which went into effect last July, replacing the Municipal Court system with a system of District Courts, Hollis now becomes a part of the Nashua District Court.

By special arrangement with the Nashua District Court and as a convenience to Hollis residents and the Hollis Police Department, evening court sessions in the Hollis Town Hall will continue as needed and these sessions will be presided over by the Justice of the Nashua District Court.

I should like to express my personal thanks and the thanks of the Court to Counsellor Edward P. McDuffie who has served so faithfully as Clerk of the Court for the past two years.

The report of the year's activities is as follows:

Number of cases heard 97

### Cash receipts:

Total cash on hand Jan. 1, 1964	\$	47.16	
Total amount of fines collected		907.00	
Total amount of bail collected		20.00	
		<hr/>	
Total receipts	\$		974.16

### Cash disbursements:

Total fines paid to State	\$	184.00	
Total bail paid to Superior Court		20.00	
Total Court expenses		37.02	
Paid to Town Treasurer		733.14	
		<hr/>	
Total disbursements	\$		974.16
		<hr/>	
		<hr/>	

DENTON V. LATES

## COMMUNICATIONS CENTER

To the Selectmen,

Calls received at the communications center during 1964 are as follows.

Police	
Total calls logged	1,148
Requiring police attention	432
Ambulance	21
Miscellaneous	615
Wrong numbers	36
Open line	39
Highway department	5
Radio calls logged	1,119
Fire Department	
Total calls logged	544
Fire, smoke	56
Bomb scare	1
Mutual Aid	10
Miscellaneous	369
Open line	71
Wrong Numbers	30
Children on line	2
Radio calls logged	332

1964 was the eighth year of the communications center. The system was made operative January 6, 1957. In 1957 387 calls were logged on the police phone and 271 for the fire department.

A separate radio for the fire department, a radio receiver for the Forestry Service and a new "Quick fire-call" telephone have been added this year. The "Quick-call" telephone has been used nine times since installation in October for fires or emergencies. This saves about ten to fifteen minutes in calling twenty firemen.

Peak load months were still the summer months. May to September for the police department; and March, April, May, September and November were high months for the Fire Department.

RHETA MCGILVARY  
Communications

# 1964 REPORT OF THE HOLLIS POLICE DEPARTMENT

## CALLS AND COMPLAINTS

Abandoned cars	25
Accidents (Personal and Property)	70

Other Complaints	135
<b>TOTAL</b>	<b>710</b>

### Calls On The Blue Phone In 1964

To the Police Department and to Radio Dispatcher:	
Radio Calls Logged	1,119
Calls on blue phone	1,148
Calls received direct by police	310
	<hr/>
TOTAL	2,577

The records will show that during the year 1964 your Police Department has been a very busy and active one. The increase in activities, calls and complaints has added more responsibility to our department.

The necessity of increasing the road patrolling and the investigation of calls and complaints has expanded to the point where considerable time and energy must be given. We feel that in the coming year more road patrolling as well as investigations must be done in order to combat the serious crime rate which is increasing rapidly and is of growing concern to everyone in our community.

We would like to express our appreciation to Judge Denton V. Lates and Edward P. McDuffee, Clerk of the Hollis Court, for their years of service and cooperation in our Municipal Court. We regret very much the loss and convenience of the court in Hollis, but we have been assured of full cooperation from the Nashua District Court and their personnel.

Also, at this time we wish to thank the selectmen, our radio dispatcher, and the townspeople for the cooperation they have given the Police Department this year.

KENNETH R. BENNETT  
Chief of Police, Hollis, N. H.

## FIRE DEPARTMENT REPORT

As Hollis expands, there is a similar increasing demand for fire services so that the past year has been a very busy one. Many calls are received asking for inspections or investigations and there were 71 calls requiring active duty by the firemen. This is 50% more than in 1963 which was a record year. There were 29 grass or brush fires, 9 building fires, 9 mutual aid calls, 7 calls for the resuscitator or other first aid, 4 electrical fires, 3 chimney fires, 3 calls to the Town Dump, 3 automotive fires, 1 false alarm, 2 fire scares and 1 bomb scare.

Of the building fires, only one was a total loss — the Francis Tully camp. All the other buildings have been repaired and most all are enjoying normal usage.

Mutual Aid proved its value to Hollis at the Hollis Mfg. Co. plant and at Hopkins Poultry Farm. At the latter fire we had sixteen trucks carrying almost 20,000 gallons of water which was most welcome in the midst of a severe drought.

Most of the grass and brush fires were caused by improper burning methods or children with matches.

In October we put in operation a new quick call telephone system to alert the firemen. By this method we can call 25 men in about one minute.

Most of the firemen are attending a school of instruction held weekly in Hollis under an approved instructor of the New Hampshire Board of Education. Classes started in November and will continue through the spring months. All phases of fire fighting and rescue work are being studied with theory and actual practice.

WARREN TOWNE

Fire Chief

## REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

The 1964 forest fire season surpassed the record year of 1963 in both length and severity. For the second successive year, we experienced a rainfall deficiency of more than ten inches and the compounding of such drought conditions, together with the many days of strong, dry winds, characterized 1964 as one of the most hazardous years in the past half century. Although our fire season was three weeks longer than that of 1963, the number of fires showed only a slight increase and more remarkable was the fact that the area burned dropped from 2280 acres in 1963 to 900 acres in 1964. Early detection and rapid response kept many potential fire disasters from becoming reality. We all owe a debt of gratitude to the men in this community who responded and fought our fires so efficiently. Our state is now 86% wooded and its economy — both industrial and recreational — is greatly dependent on this forest resource. The responsibility for adequate fire protection of this great area — 4,350,000 acres — is everyone's responsibility and prevention is one of our most effective tools.

Prevention is good common sense.

1. Take your rubbish to the town dump. If you must burn, obtain a permit and watch your fire until it is dead out.
2. Instruct your children in fire safety. Keep matches from young children. Explain to them the dangers of lighting matches and making outdoor fires.
3. Be sure discarded smoking material and matches are out.

A major portion of our preventable fires this year are chargeable to three causes: (1) permit fires allowed to escape; (2) children playing with matches; and (3) smokers. Let's be mindful of the fact that all such fires endanger property and lives.

We wish to thank you for your very fine cooperation during the past fire season and with your continued cooperation we are confident that we can improve our fire record in 1965.

Warden

## REPORT OF TOWN FOREST COMMITTEE

Our largest project the past year was constructing nearly one half mile of new road in the middle of Spalding Park, along the west edge of Parker Pond Swamp. This was one of the first such roads in the State in which A.C.P. (Agricultural Conservation Program) shared the cost. Layout and construction was supervised by Soil Conservation Service personnel and our County Forester. Trees were cleared by Jeffrey Smith, Kenneth Marvell and Alton Seager. The new chain-saw that was purchased by the Committee was used on this job. A.C.P. paid nothing towards the clearing, only for the dozing. After the road was built the Hollis Committee limed it and planted redtop grass to stabilize the road and provide feed for wildlife.

Construction of such truck roads makes for better forest management, thinnings can be more profitable and they are extremely useful in case of fire.

The road passes a low spot where the WPA blasted a fire-hole in the 1930's. This had filled with mud. We had this dug out with a back-hoe. We also had a small hole dug at the edge of Mutton Cove on Dunklee Pond where several hundred feet of marsh separate the shore from open water. Now a fire truck can draw water while parked on the road.

The program of timber improvement was continued in Spalding Park and the east side of the Stearns lot. The work was done by Kenneth Marvell, assisted by a few adults and several high school boys. This should give them an appreciation of conservation and the value of good forest management. 15 acres were completed. Straight, well-formed pines were pruned to about 17 feet so that all new growth will be clear lumber. Hardwoods interfering with these trees were killed.

Howard Parkhurst thinned out 15,000 feet of pine in the Big Dickerman Lot. He had thinned the same area fifteen years ago. It was interesting to observe the increase in growth rate in the logs after the thinning.

Kenneth Marvell sprayed most of the roads in Spalding Park with brush killer. This has been done several times to keep the brush under control. After the new road was built the dozer leveled and widened about one-half mile of the Gould Road.

Mr. Marvell led a couple of Girl Scout field trips through the Park.

The blister rust control crew of the State Forestry Division re-checked 1,480 acres of pine covered land. 1,312 currant and gooseberry bushes were destroyed. The rust or fungus can not spread from one pine to another. The spores spread from pine to currant or gooseberry bushes and then several months later travel back to other pines. By eliminating the bushes within 900 feet of pine the disease can be controlled .

Work was done at West Hollis and north of Proctor Hill. The \$125.00 appropriated by the town was matched with \$458.08 of State and Federal funds. There is much valuable pine land in town and by doing some reinspecting each year the blister rust can be kept under control. They plan to inspect 1,588 acres in 1965 and \$125.00 is in budget as our town's share.

Expenses: Labor (A.C.P.)

Kenneth Marvell	\$ 214.75

JEFFREY P. SMITH, Treasurer  
Town Forest Committee

## HIGHWAY DEPARTMENT REPORT

The amount of snow to be removed is getting to be the lesser of our problems, the main problem is when to start plowing or salting. The storms seem to last longer with less accumulation which means that the department is on a stand-by basis for a longer period of time than if it snows harder for a shorter period of time. We wonder should we apply salt or plow or wait longer before going out. If we move out too soon it could mean having to repeat the same actions many times. To achieve the same results therefore raising the cost much more. The Town is very fortunate in having plow trucks available on a one hour's notice any time of the day or night. I wonder how many of our town's people think of us (Town and State Personnel) at 2 or 3 o'clock in the morning in a snow or ice storm unless they are having trouble going somewhere.

With the cooperation of the Public Service Co. we removed many dead trees beside the Town roads therefore costing much less because of the need of different equipment than the Town has. The Telephone Co. assisted in cutting several large trees on North Pepperell Road which were a great hazard.

The old cement sidewalk in front of the Town Hall was replaced with a Hot Top surface and a granite curb which can be maintained with much less expense.

Nashua has a small section of road on Farley Road which Hollis plows and grades, the boundaries on the east being a large pine tree on the West's property and Muddy Brook being the boundary on the other side. The old stone bridge over the brook has been troublesome since the beavers damaged the abutments two years ago with their damming and flooding of the area. After consulting with the city engineer from Nashua, it was agreed for best results a new concrete pipe type of bridge should be installed on a fifty-fifty basis.

T.R.A. money was spent on Love Lane, Parker Lane, and Ride-out Road to rebuild and hard surface each. In order to accomplish this it was necessary to haul and apply much water to compact the gravel because of the very dry season.

The Highway Department and the Fire Department with matching funds bought a truck chassis and through the generosity of Lorden Oil Co. was given a 1,200 gallon tank which was made into a unit capable of being used to great advantage by both departments.

The usual amounts of culverts were replaced and gravel was applied to Federal Hill Road, Love Lane, Deacon Lane and North Pepperell Road. Due to the extremely dry weather the grading program lagged far behind.

It is hoped by your Road Agent that soon a three man department will be in force to cope with the ever growing problems of our town.

CHARLES F. DOW, Road Agent

### REPORT OF THE TOWN AUDITORS

We have examined the accounts for 1964 of the Tax Collector, Town Clerk, Town Treasurer, Library Treasurer, Trustees of the Trust Funds, Selectmen and the Municipal Court and find them correct.

EVELYN LUTZ  
LEO O. LUTZ

Hollis, New Hampshire  
February, 1965

## CEMETERIES

Due to the very bad drought last summer our activities were limited. There is no telling how much damage has been done to the grass, but it does seem quite certain the weed problem will be more prominent than in the past. An early fertilizing will be needed to help bring back the grass.

In behalf of the town I want to thank Henry Hildreth and Robert Hayden for their help in watering the trees at the East Cemetery, and in the center of town that were given by Daniel Brocklebank in memory of Mrs. Daniel Brocklebank. There were some twenty different kinds of shade trees given. They were set out by Henry Hildreth, Jeffrey Smith, Joe Cohen, and myself. We deeply appreciate and thank "Dan" Brocklebank for this most rewarding gift.

A new section has been loamed and seeded at the east cemetery and a new lawn mower was purchased to replace an old much used one.

KENNETH MARVELL, SR.

## REPORT OF THE HEALTH OFFICER

The health of the town continues good and there has been freedom from the usual diseases that erupt during a school year. For a second year there was a scarcity of water but no disaster developed.

The new regulation that requires a permit from the Building Inspector for all future systems or alterations of existing sewerage systems is working well. The home owner should annually inspect the septic tank and clean it when necessary.

This winter a private water company is under development in the Flint Brook Area. An underground reservoir will furnish the water and it is hoped that definite plans will be ready next spring.

DEERING G. SMITH, M.D.

## ANNUAL TOWN MEETING — MARCH 10, 1964

The meeting was opened by Moderator Warren Towne at 9:05 A.M. for voting under Article I to choose all necessary Town Officers for the year ensuing, and for voting in the Presidential Primary. The polls were closed at 7:30 P.M. and the business meeting was opened at 7.55 P.M. by Moderator Towne. Rev. Philip H. Mitchell offered prayer.

Article 2. Selectman Harold Farnum explained the budget for the coming year. The increase in the budget for Town Officers salaries is to pay each selectman an additional \$100.00. The increase in the expenses of the Town Hall is to repair the roof, and the increase in the Police budget is to make it possible for the officers to attend Police School. The budget for Civil Defense includes \$500.00 for emergencies. Motion by Erving Simonds to defer action on Article 2 until the other articles had been acted on. Seconded. Carried.

Article 3. Reports of the Town Officers were accepted as printed in the Town Report.

Article 4. Motion by Daniel Brocklebank to authorize the Selectmen to borrow money in anticipation of taxes. Seconded. Carried.

Article 5. Motion by Clarence Howe to accept State Aid for the construction of Class V roads, and appropriate the sum of \$1,049.75. Seconded. Carried.

Article 6. Motion by Deane Simpson to authorize the Selectmen to distribute inventories at the time of appraisal. Seconded. Carried.

Article 7. Motion by Deane Simpson to assess a fine of twenty-five cents on each Poll Tax not paid by December 1, 1964. Seconded. Carried.

Article 8. Motion by Daniel Brocklebank to raise and appropriate the sum of \$25.00 to be expended in co-operation with the N. H. Forestry and Recreation Commission, for forest fire protection. Seconded. Carried.

Article 9. Motion by Erving Simonds to raise and appropriate the sum of \$1,000.00 to be placed in the Capitol Reserve Fund; to be used for the purchase of a Fire Truck. Seconded. Carried.

Article 10. Motion by Daniel Brocklebank to raise and appropriate the sum of \$2,500.00 to be placed in the Capitol Reserve Fund; to be used for the renovation and addition to the Town shed, or replacement of it on a new location. Seconded. Carried.

Article 11. Motion by David Seager to authorize the Fire Department Engineers to extend aid to other Cities and Towns and become a member of District Fire Mutual Aid Systems; that the Fire Department be authorized to donate their services and equipment for any aid rendered; and that the Fire Chief be authorized to enter mutual aid agreements and render aid under such conditions as he may deem advisable. Seconded. Carried.

Article 12. Motion by Deane Simpson to discontinue all Roads abandoned by the Town for a period of ten (10) or more years; but not previously voted discontinued. Seconded. Carried.

Article 13. This article was ruled illegal in the warrent by Moderator Towne, for the Town already has a zoning ordinance which can only be changed by a hearing. Motion by Franklyn Maclay to pass this article without action. Seconded. Carried.

Article 14. Daniel Brocklebank was elected a Delegate to the Constitutional Convention.

Article 15. Shall sweepstake tickets be sold in this town? Yes 248. No 333.

Article 16. Motion by Franklyn Maclay to appropriate the sum of \$600.00 as the town's share of the expense of developing a parking lot in the old horse-shed area back of the library. Seconded. Carried.

Article 17. Motion by Franklyn Maclay to transfer \$350.00 from the grader trust fund to new equipment category for the purchase of a new wing for the grader. Seconded. Carried.

Article 18. Shall the Town of Hollis continue to maintain its existing municipal court, so long as its present judge remains in office? Yes 414. No 40.

Article 2. Motion by Daniel Brocklebank to accept the budget as published and voted in other articles. Seconded. Carried.

Article 19. A rising vote of thanks was given to Harold Farnum, who retires as selectman at this meeting, for his nine years of outstanding service to the town.

Business meeting was adjourned at 9:55 P.M. Counting of the Presidential Primary ballots continued until 1:30 A.M. when the final vote was announced by Moderator Towne and the meeting dissolved.

A true copy of record — attest

BERTHA E. DUNCAN

Bertha E. Duncan, Town Clerk

## SPECIAL TOWN MEETING — MAY, 21, 1964

The meeting was opened by Moderator Warren Towne at 7:30 P.M. Rev. Philip H. Mitchell offered prayer.

Moderator Towne read the warrant which was — To see if the Town will vote that the Zoning Ordinance of the Town of Hollis as enacted March 8, 1960 be amended by deleting Paragraph I of Section 3 — General Provisions — and adding in place Paragraph I, IA, and IB, relating to the removal of sand, gravel, clay and quarried stone. After the reading of each paragraph, Moderator Towne allowed questions from the floor. The polls were then opened for voting. The legal checklist of the March 10 meeting was used.

The polls closed at 9:00 P.M. when the ballots were counted and the result announced.

No - 14

Yes - 72

The Meeting was adjourned at 9:15 P.M.

A true copy of record — attest.

BERTHA E. DUNCAN, Town Clerk

## CIVIL DEFENSE REPORT

Once again, 1964 has been inactive so far as Civil Defense activities are concerned, and I am sure interest is waning. However, let us be ever mindful that, as a peacetime organization, this is the only organization in town to which you may call upon for immediate help in any kind of emergency or disaster and which is supported by your National, State and Local Government.

It is through this organization that we are able to purchase necessary emergency equipment at reduced prices and with matching funds.

Remember the Boy Scout Motto: BE PREPARED!

ERVING R. SIMONDS

Civil Defense Director

## ANNUAL REPORT OF THE HOLLIS SELECTMEN

"The Selectmen have put in another active year in our growing town of Hollis. With an average of 30 new houses a year the rule, we have an increase of about 10% annually in population. This leads to a continually more varied and intense scope of responsibility.

As the Board of Assessors, approximately \$400,000 of new assessed value went on the books for all types of property. The State has just completed its biennial survey of valuations, emphasizing strongly the importance of purchase price in the tax structure. There was a significant rate reduction as a result of the town assessors' work in 1964.

The newest member of the Board, Jeffrey Smith, spent a period of several weeks, together with members of the Town Forest committee, in research and mapping of the extensive Town Forest areas.

The Town Hall has now been re-roofed and items have been entered in the 1965 budget to paint and apply combination storm sashes to the exterior. We then hope to re-do the interior and encourage more extensive use of the Hall by the Townspeople.

This year we have closed with an unexpended balance of \$9,300 after all bills were met. This is largely due to the high degree of cooperation we are receiving from the highway, police, fire and cemetery departments. Without singling out any one individual, it is typical of Hollis to find such dedicated service available. We would like to speak briefly of the sessions spent with the Planning Board in 1964. Their responsibility in a growing town on the fringe of Nashua is great indeed. The basis of a sound town growth depends more than ever on wise zoning and wise planning and we look forward with optimism to continued progress in 1965.

Finally, we wish to thank you for the privilege of serving the town in the past and hope we will continue to have the benefit of your thoughts and ideas in the future."

RICHARD WALKER

RALPH HARDY

JEFFREY SMITH

Hollis Selectmen

## THE TOWN HALL BUILDING

December 17, 1886

The building is a handsome structure of modern architecture, built by A. L. Robertson of Manchester from plans by William H. Butterfield, also of Manchester, and does credit, both to the architect and contractor.

The first story is built of brick with brown stone finish. The second story is of wood. The roof is of modern style, covered with shingles and painted dark red. A tower on the south-west corner, one hundred feet in height, surmounted by a handsome vane, is built with a place for a bell and has four dials for a clock.

### Inside

The first story is 10 feet post and is entered by two doors on the front and contains a Banquet Hall 46 x 48 feet. There are three rooms each about 15 feet square on the east side to be used as a kitchen, store-room and dressing room, etc. Also a Selectmen's room which is partly in a projection built on the north side, near the west end. This room is entered from the main entry and is round — about 15 feet in diameter. The walls of the entire building are nicely tinted and the Selectmen's room and main entrance are frescoed in beautiful tints and showy designs.

### Second Story

The second story is reached by two flights of stairs from the main entry. This story is 23 feet post and has a hall 46 x 48 feet with a Gallery on the west side 14 x 18 feet. A stage, 12 x 20 feet is on the east side. This stage is raised about 3 feet and is reached by steps from the anti-rooms on each side. It is carpeted and has a handsome front curtain which shows a beautiful landscape view, and four different curtain scenes with shifting sides to match.

The Hall is so constructed that an ordinary voice can be distinctly heard and is perfectly clear and free from the vibration found in so many halls. The halls are both heated by two large wood furnaces in the basement. The Upper Hall is lighted in daytime by 5 large windows and at night by a handsome twelve light chandelier and several wall lamps.

## HOLLIS TOWN HALL DEDICATION

The Hollis Town Hall was dedicated on December 17, 1886. It is reported in the records of the Town Clerk that they argued for 10 years or more about building the hall.

An article in the Hollis Times Newspaper which was published by Albert Hildreth reads as follows about the Town Hall Dedication:

“A large number of people were present, not only our own citizens but many from out of town. The audience was called to order by Franklin Worcester, Chairman of the Building Committee.

The ceremony of Dedication was opened by singing the Doxology by a choir and the audience; prayer was offered by Reverend L. Gerould; a selection by the choir, after which in a few appropriate words, Mr. Worcester, in behalf of the Building Committee, tendered to all a cordial welcome, thanked the citizens for the aid given the Committee and spoke in praise of the contractor and the work he had done, of the work of the decorators and presented the keys of the building to Mr. Charles A. Hale, Chairman of the Board of Selectmen, who accepted them in behalf of the Town, with a few words of thanks to the Committee for the faithful way they had discharged the trust confided to them.

The choir sang another selection after which Mr. Hale introduced as orator of the evening, J. R. Smith, Esquire, who delivered an able address touching upon the stability of a Republican form of Government; the advantages and enjoyment of country life and of the past record of Hollis and her sons, alluding to the lack of a social element and rejoiced that the long felt want of a suitable Town Hall was at last fulfilled.

After another selection by the choir, an original poem was read by Miss M. A. Eatman upon the past and present of this town, which was worthy of more than the passing note we are able to give it.

The beautiful stage scenes were then exhibited to the audience and it was announced that the banquet was ready. A large portion of the audience repaired to the hall below where the tables were found loaded with the good things which the ladies of Hollis know so well how to prepare and in which they have never been known to fail.

# REPORT OF THE TOWN HALL BUILDING AND FURNISHING COMMITTEE

Copied from 1887 Town Report

Received from Town on Town notes	\$7,000.00
Received from Town Treasurer	2,000.00
	<hr/>
which we account for as follows —	\$9,000.00

Sundry Accounts	203.70
Furnishings	1,000.00
	<hr/>
	\$9,000.00

Franklin Worcester — for the committee

## HOLLIS PLANNING BOARD REPORT FOR THE YEAR 1964

The functions and responsibilities of the Planning Board were evidenced by the recommended changes, and subsequent passage by the voters, in the Zoning Regulations pertaining to gravel removal within the Town. The keen interest shown during the hearings was gratifying.

Some of the monthly meetings were devoted to discussion with prospective sub-dividers, explaining and implementing the Sub-division regulations. As with any set of rules, or laws, the specific application to an isolated proposal or action proves that no such set of rules, or laws, can completely anticipate every problem. The Board must work within the spirit as well as the word of its authority and responsibility. And so we shall, as we study our rules, the Town, and its future.

We feel very fortunate to have established contact with Mr. Dennis Hamilton, of Warner, N. H., a certified Soils Scientist, who is available, and qualified, to make and/or evaluate soil capability reports as may be required for individual lots or entire sub-divisions.

Growth is a required problem. Without it a community stagnates, with it tax burdens inevitably increase. Yet the Board welcomes the challenge. With your help, we will guide our Town through the year ahead.

HOLLIS PLANNING BOARD  
Deane C. Simpson, Chairman  
William Howe, Secretary  
Roscoe Brown  
Howard Hunt  
Richard Walker

## BOARD OF ADJUSTMENT

February 12, 1965

The Zoning Board of Adjustment held only eight meetings during 1964. This inactivity was due mostly to the efficient administration of the building and zoning ordinances by our town building inspector Erving Simonds.

This fall Daniel Brocklebank was appointed to fill the vacancy created by the resignation of Mrs. Helen Bell, a long time member and secretary of the Board.

W. BOYD WESTON, Secretary  
WENDELL WRIGHT, Chairman  
FRANKLIN WORCESTER  
DENTON LATES  
DANIEL BROCKLEBANK

WBW/pl

## BUILDING INSPECTOR'S REPORT

1964 . . . Another growth year for our town with the issuance of 29 Permits for new homes, 12 additions to present properties, 6 garages, 1 workshop, 1 horse stable, 4 poultry houses, 1 pole barn, 1 silo and 3 sheds. There were also many permits for new wells and sewerage disposal systems.

We wish to thank the citizens of Hollis for their splendid co-operation and helpfulness in carrying out our duties. Thanks to our zoning regulations, Hollis enjoys a fine reputation as a most desirable place in which to live.

In May 1964, the townspeople voted to revise our zoning laws to regulate the removal of gravel, out of, or within our town, which proved to be real step forward.

It is indeed unfortunate that regulations concerning our living and business growth are necessary. As we well know, any regulation for the welfare and benefit of the majority are annoying and inconvenient for some. However, it is the intent and purpose of our Zoning and Building Regulations to promote and guide the growth of Hollis in a way that will benefit our present and future citizens for many years to come.

If you contemplate building or making any changes in the present use of your property, subdividing, removing gravel or loam, installing or replacing water supplies or sewerage disposal systems, we urge you to consult the office of the Building Inspector so that we may inform you of the regulations as they may affect your project and issue the proper permits.

Stop and say Hello. Always glad to help.

ERVING R. SIMONDS

Building Inspector

**SCHOOL WARRANT**  
**THE STATE OF NEW HAMPSHIRE**

---

**To the Inhabitants of the School district in the town of Hollis qualified to vote in district affairs:**

You are hereby notified to meet at the Town Hall in said district on the eighth day of March 1965 at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.
8. To see if the district will vote to raise and appropriate the sum of \$8,000 as a deficiency appropriation to provide a well for the high school and dry well for the elementary school and to apply against this appropriation excess 1964-65 revenue in the amount of \$4,272.51 (Sweepstakes \$3,394.51, PL 874 \$878).
9. To see if the district will elect to approve of the inclusion of its employees other than those covered under the Teachers' Retirement System in the Employee's Retirement System of the State of New Hampshire, which system is provided for by Chapter 27-A of the Revised Laws, as inserted by Chapter 183 of the Laws of 1945, and as proved by Chapter 201 of the Laws of 1945 and any subsequent amendments thereto and vote to raise and appropriate the sum of \$633.04 to have this effective July 1, 1965 .

10. To see what sum of money the district will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of the statutory obligations of the district.

11. To see if the district will vote to authorize the School Board to make application for and to accept on behalf of the district, any or all grants, or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government, or from the State of New Hampshire, or from any other source.

Given under our hands at said Hollis this Fifteenth day of February 1965.

FRANK WHITTEMORE

## REPORT OF THE SCHOOL DISTRICT TREASURER

for the  
Fiscal Year July 1, 1963 to June 30, 1964

### GENERAL FUND REPORT

Cash on Hand July 1, 1963		\$ 1,938.17
Received from Selectmen	\$210,682.43	
Revenue from State Sources	51,567.79	
Revenue from Federal Sources	6,092.86	
Income from Trust Funds	2,088.93	
Received from all Other Sources	150.04	

TOTAL RECEIPTS		\$270,582.05
Total Amount Available for Fiscal Year (Balance and Receipts)		\$272,520.22
Less School Board Orders Paid		270,077.11

Balance on Hand June 30, 1964 General Fund	\$ 2,443.11
KENNETH G. TROW	
School Treasurer	

### BUILDING FUND REPORT

Cash on Hand July 1, 1963		\$ 38,993.67
Received from Selectmen		
Current Appropriation	6,000.00	
Revenue from Federal Sources (N.D.E.A.)	2,500.44	
Received from all Other Sources	8,978.55	

TOTAL RECEIPTS		\$ 17,478.99
Total Amount Available for Fiscal Year (Balance and Receipts)		\$ 56,472.66
Less School Board Orders Paid		51,586.20

Balance on Hand June 30, 1964 Building Fund	\$ 4,886.46
---	-------------

### AUDITORS' CERTIFICATE

This is to certify that we have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Hollis, New Hampshire, of which the above is a true summary for the fiscal year ending June 30, 1964 and find them correct in all respects.

# 1963-64 REPORT OF THE SUPERINTENDENT OF SCHOOLS

## Supervisory Union #40

### Amherst - Brookline - Hollis - Milford - Mont Vernon

It is with a great deal of pleasure that I submit my fourth report as Superintendent of Schools in Supervisory Union 40. This report will focus on three major areas: Union 40 growth, curriculum improvement, and future needs.

#### 1. Union 40 Growth

The following statistics point out the tremendous growth in this Supervisory Union in the past ten years:

School District	Staff		School Enrollment	
	1954	1964	1954	1964
Amherst	12	24 $\frac{1}{4}$	354	440
Brookline	4	6 $\frac{3}{4}$	114	140
Hollis	13	33 $\frac{1}{2}$	302	540
Milford	44	87	967	1590
Mont Vernon	3 $\frac{1}{2}$	4 $\frac{1}{2}$	67	90
Union 40 Office	3 $\frac{1}{2}$	4		
<b>TOTAL</b>	<b>80</b>	<b>160</b>	<b>1804</b>	<b>2800</b>

#### Total Budget

School District	1954	1964
Amherst	\$ 91,826.89	\$ 290,172.48
Brookline	40,511.53	115,256.19
Hollis	70,519.44	290,440.89
Milford	206,575.75	697,308.28
Mont Vernon	22,475.62	63,075.40
<b>TOTAL</b>	<b>\$431,909.23</b>	<b>\$1,456,253.24</b>

### Equalized Valuation

School District	1954	1964
Amherst	\$ 6,284,308	\$11,254,346
Brookline	1,888,539	3,413,091
Hollis	4,056,347	7,189,945
Milford	13,443,275	23,768,467
Mont Vernon	1,438,870	2,502,747
<b>TOTAL</b>	<b>\$27,111,339</b>	<b>\$48,128,596</b>

### Building Construction, 1960-64

School District	
Amherst, Addition	\$ 70,000.00
Brookline, New School	69,333.59
Hollis, New High School	434,581.75
Milford, New High School	743,661.13
Mont Vernon, Renovation	24,702.80
<b>TOTAL</b>	<b>\$1,342,279.27</b>
Milford AREA School 1965-66	1,000,000.00
<b>Total</b>	<b>\$2,342,279.27</b>

To properly manage the increased volume of purchasing and plant maintenance caused by the tremendous growth, the Supervisory Union 40 School Board by unanimous vote added a business manager to the Union 40 Staff effective July 1, 1965.

## 2. Curriculum Improvement

In the past three years a great deal of change has taken place in the curriculum of the schools in this Supervisory Union, coinciding with changes in school programs throughout our state and nation. The explosion of knowledge and emphasis on the space age, of which you are well aware, are evidence of change in every facet of our life. One of the major concerns I have is that the schools make no change merely for the sake of change, to "get on the bandwagon," but rather that we take every possible measure to be certain that any changes in the school program are based on a thorough study to insure the change will produce educational benefits for our youth.

Significant improvement is taking place throughout grades 1-12 because of the work of a dedicated staff. A few examples of the progress taking place are as follows:

Elementary Schools: reading, social studies (see Miss Connolly's report), mathematics, writing, speech, French, science, physical education. Cooperative and departmentalized teaching have enabled us to bring the special talents of a teacher to students in other classrooms in certain schools.

Secondary Schools: national programs in biology, chemistry, and physics; greater emphasis in English; improvement in foreign language department (Russian I introduced in Milford this year); vocational machine shop made superior with equipment from the federal government (Milford); improved curriculums in art, earth science, business education, mathematics; present study by social studies teachers to coordinate and improve history, geography, civics, and problems of democracy courses.

### 3. Future Needs

One hundred years ago Mr. P. B. Day of the Superintending Committee in Hollis wrote as follows in his annual report dated March 15, 1865: "The **first** desideratum of a good school is a **correct public sentiment**. That sentiment should be enlightened both in regard to the end to be secured and the means of obtaining it. Teachers have little stimulus to exertion if they discover no appreciative sense of their services in the community, especially if they have reason to suppose their best efforts will be opposed or wrongly construed . . . They should be assured of co-operation in maintaining good order, of sympathy in their vexations and trials, and of a just appreciation of their merits . . . We must encourage our teachers by kind words . . . and friendly suggestions. When evidently in the wrong, we should bear with them as if they were our own sons or daughters, brothers or sisters.

"The **second** and **chief** desideratum of a good school is a **good teacher**. A good teacher will be **interested in his work** (and) . . . must likewise have competent **literacy attainments**. He must have ready and clear knowledge . . . not like money carefully laid away in a distant bank from which he can draw in case of an emergency, but like money in the pocket, ready at a moment's notice. A good teacher will likewise have a talent for explanation, and a fertility of ingenuity to make his instructions attractive . . . He will have order and decorum in the school, and will know how to do this in a kind pleasant manner. He will have that presence, and that ease and firmness which will command respect . . . He will be disposed to unite his influence with the parents in elevating the general character of the children."

The chief needs of the five school districts in Supervisory Union #40 are directly related to Mr. Day's 1865 report. With a public supporting quality schools and with good teachers, the boys and girls in Amherst, Brookline, Hollis, Milford, and Mont Vernon will certainly receive the education they need.

The public is invited and encouraged to visit school to discover first-hand what takes place. If an organization would like to visit, contact the principal so that proper arrangements can be made.

To insure that our youth continue to have good teachers, we must follow the suggestion made a century ago and "... encourage our teachers . . . they must be assured of cooperation . . ." In addition, we must make every effort to be competitive with nearby school districts in the matter of teachers' salaries. An annual review to insure we keep pace is essential.

In concluding this 1965 annual report, I would be remiss if I did not report to you that a great deal of excellent work has been accomplished by your teaching staff in the past year. The overall staff includes people who work hard so that good teaching can take place and these people deserve our appreciation also. They are the school nurses, secretaries, aides, custodians, school lunch personnel, bus transporters, and the Union 40 Bookkeeper Miss Marchesi, and secretary, Mrs. Combs. Miss Mabel Connolly and the school principals merit a special thank you for their many, many efforts to improve your schools. A special expression of thanks is due from each of us to the members of the school boards and study committee members who work for little or no remuneration, but from a sense of devotion to each town in Supervisory Union 40.

RICHARD H. GOODMAN

Superintendent of Schools

## REPORT OF OUR TEACHER CONSULTANT

### The Challenge of the Sixties

The world is changing so rapidly that, as Margaret Mead stated, "No man dies in the world to which he was born." Changes come so swiftly that many of them are termed "explosions", such as the population explosion or the explosion of knowledge. There are serious repercussions to such changes, producing strains in numerous phases of American life and continually causing new problems, particularly social and economic. It is said that in each ten years of this century our total knowledge doubles. Advances in science and technology are creating occupations unheard of a few years ago. Even the recent space research programs alone have created more than 3,200 different products, many of which are now part of the daily lives of Americans. President Kennedy summed up the challenge of the sixties when he wrote, "The revolutionary forces shaking the earth have converged, presenting us with hard choices, with a need for action, for ideas, for concerted and sustained commitment as a nation and as individual citizens."

### Educating to Meet the Challenge

In meeting the challenge our schools must encounter not only the changes made in science and technology but the problems they engender: social, political and economic. New programs designed to prepare our children for the demands of tomorrow have evolved in science, mathematics and foreign languages. Our elementary teachers have spent countless hours attending meetings, classes, and workshops for the purpose of gaining new concepts and methods of instruction so necessary to the development of these programs. Another area where they are meeting the challenge is in the social studies. The teachers in this school union are presently involved in a project of developing a program that is in keeping with the needs of our times.

### The Social Studies

The social studies, with citizenship as its main objective, will occupy a position of greater importance in the curriculum. Good citizenship starts with self-discipline as a basic tenet of a truly democratic country. An individual or a nation must have control over one's own actions as the first responsibility to others. Skills of clear thinking and decision making must be acquired.

Social studies is a term that usually denotes the combined study of geography, history and government. It has been concerned too often with the accumulation of facts usually learned in sequence, and the memorization of places, events, people, and dates. If today's children are to cope with the problems of tomorrow they must do more than learn facts, but understand what to do with these facts and how to obtain others. They must learn to see the relationships to be found among them, how to think through a situation, form concepts and arrive at conclusions. The tools for these and other skills are to be found in a social studies program that is founded upon good citizenship.

### **Our Program**

Our new program is based upon the following premises:

1. Children can attain concepts at an earlier age than indicated in the present program.
2. The inclusion of other areas in the social studies program that are related to it and allow greater depth and understandings can more nearly meet the needs of all our children.
3. To attain skill in citizenship there must be provided more experiences, actual and vicarious, in citizenship, beginning with self-discipline, and encompassing world understandings.
4. The elementary level has a definite commitment to build a better foundation in the social studies so that the junior and senior high schools can meet more adequately the needs of their students.

The general theme for the first year is the roles of home, school, community and community helpers with the expected outcomes being the development of self-discipline, an awareness of the rights of others and the beginnings of good citizenship.

The second year program deals with the study of food, clothing and shelter, with emphasis on how people depend upon each other in satisfying these needs. The objectives involve understandings of our basic economic needs and the interdependence of people in local and world communities in obtaining them.

The general theme for the third year is the relation of man to his environment with units of study of typical regions of the world, the people living there, and factors of environment influencing their ways of life. Expected outcomes are an understanding of some of the geographical, social and economic factors determining the past and present ways of people near and far, and the attainment of map study skills.

The program for the fourth year deals with spanning the Old World and New World with units of study of European backgrounds of the New World; its discovery, exploration and settlement; the thirteen colonies with emphasis on the growth of our own state of New Hampshire. Understandings include the factors involved that make us who and what we are.

The fifth year program continues with the growth of our nation, its size, resources, development, people and problems past and present. Expected outcomes are: an understanding of the development of the United States and its role among nations, an ability to relate the problems of the present emerging nations with those of our own, and an understanding of the responsibilities of one people to another in this world.

The sixth year deals with early and present civilizations, the factors contributing to the development of a civilization and the influence of one civilization upon another. We want our children to be aware that people think and act as they do because of their backgrounds and that the United States has a role of leadership in improving civilization and safeguarding freedom.

The above social studies program is being evolved by our teachers and implemented with techniques of instruction designed to develop independent and responsible work-study skills, an inquiring mind and a thoughtful citizen.

We are indeed fortunate to have dedicated teachers whose greatest concern is the provision of the best possible education for our children. To these teachers, and all who have helped and encouraged them, Dr. Goodman, the School Board, parents and friends of education, I would like to express my sincere appreciation for another year of work well done.

MABEL I. CONNOLLY

Teacher Consultant

## HIGH SCHOOL PRINCIPAL'S REPORT

Dr. Richard Goodman  
Superintendent of Schools  
Milford, New Hampshire  
Dear Sir:

I herewith submit my sixth report as Principal of Hollis High School.

### ENROLLMENT

School Enrollment: Grade 7 — 46; pupils; Grade 8 — 49 pupils; Grade 9 — 39 pupils; Grade 10 — 44 pupils; Grade 11 — 30 pupils; Grade 12 — 30 pupils.

### SCHOOL PROGRAM

The following is a list of subjects presently being taught in the High School.

Advanced Math III	Social Studies, 7A, 7B
Advanced Math IV	Social Studies, 8A, 8B
Art 9-12	Typing I
Art 7-8	Typing I
Bio Chemistry	Personal Typing
Biology 9	Physical Science
Biology 10	United States History 11A, 11B
Bookkeeping 11	Geometry
Business Law	Glee Club 10-12
Civics	Chorus 10-12
Consumer Economics	History of Civilization
Contemporary Problems	Homemaking I
Earth Science	Homemaking II
Elementary Algebra	Homemaking 7A, 7B
English 7A, 7B	Homemaking 8A, 8B
English 8A, 8B	Family Living
English 9A, 8B	Latin I
English 10A, 10B	Mathematics 8A, 8B
English 11A, 11B	Music 7-8
English 12A, 12B	Music Appreciation (9)
French I	Physics
French II	Science 7A, 7B
French III	Science 8A, 8B
French IV	Shorthand I
General Mathematics	Physical Education 7-12
Shop I	World Literature
Shop II	

## CLASS OF 1964

Twenty three seniors were graduated in June of 1964. Fifteen are continuing their formal education, two are in the service and six are working.

Allen, Pauline	University of New Hampshire
Ballou, Sandra	University of New Hampshire
Clarkson, Terry	Plymouth State College
Fimbel, Nancie	Mount Holyoke College
Goulder, Robert	University of New Hampshire
Harris, Laurie	Texas Maritime College
Hayden, Robert	University of New Hampshire
Lassins, Lawrence	Stevens Junior College
McEnnis, Roger	Cornell
Parkhurst, Nancy	Keene State College
Potter, Neil	Fitchburg State College
Seager, James	University of New Hampshire
Simpson, Joanne	Plymouth State College
Weston, Janice	American University
Wright, Jane	North Park College

## AWARDS OF INTEREST

Rose Lee Crosbie and Charles Goodwin won third places in the the state science fair.

David Hills, Judith Hambleton, James Luce and Gary Wood were initiated into the National Honor Society.

Nancie Fimbel and Janice Weston were chosen Salutatorian and Valedictorian respectively.

James Seager and Jane Wright were recipients of the Women's Club Scholarships. Robert Goulder was awarded the Bausch and Lomb Award and Joanne Simpson the Dorothy Haskell Memorial Fund prize. Judith Hambleton was selected D.A.R. candidate from Hollis High School.

Judith Hambleton, Gary Wood, James Luce and David Hills were selected to attend advanced study courses at St. Paul's School. David Hills was the highest ranking student in the state of New Hampshire on the Merit Scholarship qualifying test.

## ACCOMPLISHMENTS

The staff has been working very diligently to prepare for the evaluation of the school which will take place February 8, 9 and 10th, 1965.

The curriculum has been broadened in the following areas:

1. New courses — Bio chemistry, advanced math IV (which is a course beyond the regular senior year math), business

law, and physical science (designed for students who would like an applied approach to science).

2. Expanding of French in the seventh and eight grade from meeting three periods a week to meeting four periods a week.
3. No alternation of French III and IV from year to year giving us a six year sequence.
4. Expansion of the guidance services to enable our guidance director to work with elementary children.
5. Expansion of the librarian's services.
6. Having physical education instructors for both boys and girls.
7. Increased time allotted to the art program so that a student may take art for a maximum of three periods per week.
8. Initiation of a band within the school to work cooperatively with the Church School Band.

### FUTURE NEEDS

Although we have had generous contributions to the library the needs in this area are always unlimited. Schools of today and tomorrow will focus their attention more and more on the library as an educational resource center. The more media we can place at the disposal of our students the better informed they will be.

Stabilizing our staff is always a constant concern of any school system. This can be done by making the incentive to teach and stay in Hollis competitive with other surrounding areas.

Clerical help is always much needed in any school system — just the work involved in sending transcripts and keeping school records up to date is very demanding.

Greater attention should be focused on the needs of some of our non verbal students who find school almost overpowering and become discouraged and eventually become drop outs.

Limited physical facilities in some areas cause us concern, especially since we are now holding one class in the gym and one class in the old principal's office in the old building. If you do not move forward when needs dictate then sooner or later the price becomes that much greater.

I wish to thank the parents, school board members, staff, and citizens for their cooperation in making Hollis Junior-Senior High School an excellent school.

Respectfully submitted,

GORDON THORBURN

Principal

## ELEMENTARY PRINCIPAL'S REPORT

Dr. Richard H. Goodman  
Superintendent of Schools  
Milford, New Hampshire

I herewith submit my annual report as principal of the Hollis Elementary School.

The enrollment September 9 was 304. Seven pupils entered during the fall while nine transferred leaving the present enrollment 302, as of January 4th.

Our fine faculty of all experienced teachers is striving to give the Hollis children an adequate education.

We welcomed back two former teachers after an absence of four years, Mrs. Glenice Sundstrom to teach science in Gr. 5-6 and Mrs. Janet Craig to teach levels 8-10. Mrs. Jane McAllister replaced Miss Ferguson in levels 2-5 as Miss Ferguson moved to levels 5-7.

Mr. Ryans, guidance director at the high school, is helping wherever needed, especially in the testing field. We appreciate his efforts.

The teachers' room has lost its meaning as its use has now been taken over by the school nurse, Miss Pauline Woods, and the speech consultant, Mr. Meltzer, who conduct their very effective programs from there.

Mr. Meltzer joined us in November replacing Mrs. Hammond who retired. He is giving instruction to thirty pupils every Tuesday afternoon. This longer instructional period of three hours is proving to be very beneficial.

Mr. Kenneth Marvell, custodian, continues to give the same excellent service. He, assisted by Mr. Whiteway, tiled the "hide-away" floor to make it a more attractive room for the teachers.

All elementary teachers have been involved in in-service training programs and workshops since September. The new Greater Cleveland Math program has been adopted in Levels 1-10 and will be extended to Gr. 5 next fall.

The social studies program is being revised and unified, also. The unit approach is being stressed to encourage better planning, grouping, problem solving and critical thinking using a variety of texts to effectively provide for each child to make maximum achievements. An international understanding, through the study of other cultures, is being brought about. Social studies is integrated with other subjects in many ways.

## ACTIVITIES

T. B. patch tests were given to all pupils and teachers in the spring.

The annual pre-school clinic was held in March with about 90% of the entering class attending. Physical examinations were given by Dr. Deering Smith assisted by Miss Pauline Woods, school nurse. Vision and hearing tests were given by Mrs. Carroll Spaulding, R.N. and Mrs. Lawrence Morrison, R.N.

Mrs. Towne, Cafeteria manager, gave a luncheon later in May for these pupils and their mothers.

The boys in Gr. 5 and 6 took part in a Union #40 Field Day in Hollis in May winning first place. In the track meet in Milford sponsored by the Y.M.C.A. including boys from all the surrounding towns our team won second place. Much credit is due Mr. Korcoulis for his tireless efforts in training these pupils. The track team composed of boys from Gr. 6-9 took part in the southern district Y.M.C.A. meet in June placing first.

Science fairs were held in Gr. 3, 4, 5 and 6 in May. All were excellent.

Improvements made during the summer were repairing and painting playground equipment, painting the math and science rooms, seeding the front lawn, and extensive hot topping to assure better drainage, increase the parking and play areas and make it possible to load pupils directly from the bus port.

Miss Connolly, assisted by a corps of Union #40 teachers, gave the Connolly Reading Readiness Tests in August to the children about to enter school. These were followed in October by Lorge-Thorndike intelligence tests. These results helped us greatly in determining the children's degree of readiness for reading and proper placement.

Our testing programs in the other grades for 1964 were as follows:

- Levels 1-4 Metropolitan achievement in May
- Levels 5 & 6 Metropolitan achievement in May
- Levels 7 & 8 Iowa Basic Skills in February
- Levels 9 & 10 Iowa Basic Skills in October
- Grade 5 Iowa Basic Skills in October
- Grade 6 Iowa Basic Skills in October
- Grade 6 Lorge Thorndike intelligence in October
- Levels 7 & 8 Lorge Thorndike intelligence in January

Physical examinations were given to all pupils in Gr. 1 & 4 and all new pupils in October by Dr. Smith, school physician assisted by Miss Woods. These were followed by vision and hearing tests.

American Education Week was observed in November. Open House was held Tuesday evening, November 10th. A large number of parents and friends attended.

Television is being used in four science classes, 4th grade French and social studies, current events and literature. New programs will soon be added at Station WENH.

Cooperative teaching is being carried on in many areas in Levels 1-10 such as social studies, science, music, math and language to make more effective use of teachers' talents.

Three cadet teachers from Rivier College will be training with Mrs. Jacques, Mrs. Goulet and Miss Ferguson the second semester.

Our sixth grade will attend the Boston University Camp at Peterborough in February. They will be accompanied by their teachers, Mrs. Sundstrom and Mr. Korcoulis. This proved to be a fine program last year highly praised by the parents who visited there.

I have attended several very worthwhile conferences this year — N. H. Elementary Principals', N. E. Reading Conference at Poland Springs and Encyclopedia Britannica Press at Concord.

Mrs. Elsie Towne, assisted by three cafeteria workers and volunteer mothers, manages the hot lunch program. About 65% of our enrollment participate in the program.

The routes of the state bookmobile have been shortened to give better service to schools. The mobile leaves approximately 150 leisure reading and reference books selected by the teachers bi-monthly.

We wish to thank the P.T.A. for its monetary contributions which were used to increase our library facilities.

Our greatest needs seem to be:

1. A full time secretary-teachers' aide to take over many of the non-teaching duties such as bus duty, playground duty, ditto work, etc., relieving teachers for additional instructional purposes and planning.
2. Provision of movable furniture for the "all purpose" room to enable us to use it more effectively for the teaching of large groups.

3. An intercom system would eliminate much wasted time in getting from one end of our spread out building to the other. The cost would soon be made up by the time saved by the principal and staff.

I wish to thank you, Miss Connolly, the school board, the staff and the townspeople for their interest, cooperation and help.

Respectfully submitted,

MADELINE DENAULT  
Elementary Principal

## SYNOPSIS OF SCHOOL MEETING

March 9, 1964

The annual meeting of the Hollis School District was called to order at 8:10 in the Lower Town Hall by Moderator Towne with about 50 voters present. Moderator Towne read the Warrant Articles 1 to 9 inclusive and ruled that in all ballot votes the check list must be used.

Article 1. Warren Towne was elected Moderator.

Article 2. Kenneth Trow was elected Clerk.

Article 3. Gordon McEnnis was elected a member of the School Board for the ensuing three years.

Article 4. Kenneth Trow was elected Treasurer.

Article 5. Voted to pass this by and take it up under Article 8.

Article 6. Voted to accept the reports as printed in the Town Report.

Article 7. Clarence Howe and Edna Hill elected Auditors.

Article 8. It was voted that the district raise and appropriate the sum of \$290,440.89 for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

Article 9. It was voted that the district authorize the school board to make application for and to accept on behalf of the district any or all grants, or other funds for educational purposes which may now or hereafter be forthcoming from the United States Government, or from the State of New Hampshire, or from any other source.

The meeting was adjourned at 9:18.

Respectfully submitted,

KENNETH G. TROW, Clerk
